	APPROVAL OF STA	ATE ENGINEER		
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:				
heretofore granted under Permit 48183 is issued subject to the terms and conditions imposed in said Permit 48183 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times. This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. The period of use of this permit is from March 1 to November 30 of each year.				
	e amount of water to be changed shall be limited to the amount of water to be changed shall be limited to the amount oxceed	et per second , but not to exceed 777.40 seasonal duty of 5.0 acre-feet per		
Wor	ork must be prosecuted with reasonable diligence and be comple	ted on or before July 13, 1990		
Proc	of of completion of work shall be filed before	August 13, 1990		
App	plication of water to beneficial use shall be made on or before	July 13, 1992		
Proc	of of the application of water to beneficial use shall be filed on o	r before August 13, 1992		
Map	p in support of proof of beneficial use shall be filed on or before	August 13, 1992
